Description

Anti-Microbial cleaning products are designed for production areas where the control of microorganisms and physical contamination are strictly controlled. All products within the range contain a uniquely created silver-ion based anti-microbial additive which inhibits the growth of moulds and bacteria.

- Prevention of over 99% of bacterial contamination
- Anti-Microbial properties are not affected by time, cleaning chemicals or abrasion
- Industrial dishwasher safe
- Resin-Set DRS® as standard
- Working temperature range: -18°C to 79°C
- All components are FDA / EU Approved
- Independent migration tests show all plastics used are compliant for use in food environments in the EU / US

Please note that the Anti-Microbial range is only available in the colour purple.

Hand Brush

- Ideal for light particles and production lines
- Size: 317 x 36mm
- Product Code: AMB861

Short Handled Brush

- Ideal for production lines
- Size: 254 x 72mm
- Product Code: AMD4

Scrubbing Brush

- Ideal for removing medium-large size particles; conveyor belts; production lines
- Size: 210 x 65mm
- Product Code: AMST5

Flat Sweeping Broom

- Ideal for medium size particles
- Size: 300 x 75mm
- Product Code: AMB758

Deck Scrub

- Ideal for very heavy soiling; large areas; production environments
- Size: 300 x 75mm
- Product Code: AMB770

Sweeping Broom Brush

- Ideal for large areas; medium particles
- Size: 457 x 75mm
- Product Code: AMB809

Ultra-Hygienic Squeegee

- Ideal for removing excess liquid; high risk areas; smooth surfaces
- Size: 600mm
- Product Code: AMPLSB60

Polypropylene Handle

- Used with brushed and squeegees
- Size: 1400 x 32mm
- Product Code: AMPLH3
